To the Director of the
US Mint, Phil. Pa.

Dear Sir. A friend of mine was lately appointed Exr of the Estate of an old man living near here.
Among his effects they found some ancient coined US gold pieces as follows
+5 — 1-1795; 1-1800; 2-1803; 1-1805;
1-1806; 1-1808; 1-1813
Qty 8 of +5 ea = 40.
+10 - 1-1797; 1-1801. = 2 of +10 ea +20
Face value +60.

The Admr estimates they must have been owned by their family for some 75 years & they are beautiful specimens as I am not a collector but have them for sale at their market value. I would like our Government to know of this discovery, in case our National collection lacks any of these dates. Kindly inform me if you do not desire one

to hold on to them for their benefit
& what their approximate worth
may be in your judgment.

Yours truly

To the Director Ftrn.
U.S. Mint, Phila., Pa.

D. Sir.

A friend of mine was lately appointed Exr. Of the Estates of an old man living near here.

Among his effects they found some uncirculated U.S. Gold pieces as follows

+5-1-1795; 1-1800: 2-1803: 1-1805:
1-1806: 1-1808: 1-1813
Say 8 of +5 ea = 40.
+10-1-1797: 1-1801. = 2 of +10 ea +20
Face value +60.

The Adm. estimates they must have been saved by their friend for some 75 years: they all beautiful specimens & ae. I am not a collector but have them for sale at their market value. I would like our Government to know of this discovery, in case our National Collection lacks any of these dates. Kindly inform me if our Gov't desires me to hold on to them for their benefit & what their approximate worth may be in your judgement.
